

## About This Group

Women of all ages, join us as we learn together what God has planned for friendship! We will read *Never Unfriended* together and have conversations around what to expect from friendship and how we can become a better friend. This group will meet in person once a month and have an online community to reach out to during the rest of the month. This is a low risk, high impact group and we hope you will come and be our friend!

Childcare will be provided.
